solely to prevent the country's banking system from collapse, and were successful in their object, Governor Harding of
the reserve board declared today in
closing a two days' appearance before a
joint congressional commission. To
questioners he repeated time and again a declaration that the board had sought to influence prices, either up or down, but had prepared to meet a price break that was world wide, and yet to

maintain and expand credit lines.

There was a bare possibility, he said, that if in 1919 the reserve board into raised national rediscount rates, "the runaway in prices might have been checked and the result might have been better," but he mentioned needs of the government financing as influential in de-termining the course actually taken. Representative Summer, democrat, Texas, suggested that "the word might have gone out" from the board to bankers to in the Hamilton avenue cemetery where be fearful of prices, but Governor Hard-ey. Mr. Ricketts read a committal ger-

ing said that nothing had been done in- vice. "It wasn't a good time to be talking too much—in 1920," he remarked, "but we can be bolder now."

He made a suggestion that the commissions of the

sion might consider the utility of the farm loan boards as a means of extend-ing short term credits to farmers, for nine and twelve month periods, but said he would make no detailed recommenda-

"All over the country we find that agricultural and livestock interests feel that they need more credit facilities," he said, "and want something to make investments independent of banks." Governor Harding denied that his ad-
